

FOR IMMEDIATE RELEASE

Waynes Pest Control Acquires Donnie's Total Pride Pest Control in Port St. Joe, Florida

Birmingham, AL – July 2, 2025 — Waynes Pest Control, a leading provider of termite protection, pest prevention, and lawn care services across the Southeast, is proud to announce the acquisition of Donnie's Total Pride Pest Control, a respected, family-owned company serving Port St. Joe, FL, and surrounding communities for over 30 years.

The acquisition expands Waynes' footprint in the Florida Panhandle and strengthens its commitment to providing exceptional customer service with a focus on Integrity, Courage, Perseverance, and Character.

"We're honored to welcome the team and customers of Donnie's Total Pride Pest Control to the Waynes family," said Shawn Hollis, President of Waynes Pest Control. "Joey and his team have built a strong reputation based on integrity, personalized service, and results. We're excited to build on that legacy and continue to fulfill our commitment of *World Class Service – Every Time* to more homeowners and businesses along the Gulf Coast."

Owner Joey Lea expressed confidence in the transition: "Partnering with Waynes felt like the right move—for our customers, our employees, and the long-term future of the business. I've always been committed to serving our community like family, and I believe Waynes will carry that mission forward with the same care and professionalism."

The transaction was facilitated by Rand Hollon of Preferred Business Brokers, based in Ocala, FL, who served as the exclusive broker for the deal.

Waynes Pest Control, an Anticimex company, now serves more than 150,000 customers in Alabama, Mississippi, Tennessee, and the Florida Panhandle. With the addition of Donnie's Total Pride Pest Control, Waynes continues its strategic growth while maintaining a strong local presence in each community it serves.
